

Environmental Policy

Edison House Trading Ltd recognises that all businesses impact on the environment in a variety of different ways. In recognition of this fact, we are committed to the continual improvement of our environmental performance in relation to our services and operations. We have identified the following key environmental impacts associated with our organisation's activities:

- Consumption of energy, water and other resources.
- Transport issues relating to travel to work and meetings.
- Waste disposal.

Edison House Trading Ltd is committed to reducing these and other impacts in pursuit of the continual improvement of our environmental performance.

Edison House Trading Ltd is committed to work with our staff, customers, suppliers, investors, contractors, regulatory bodies and neighbours to:

- Meet and where possible exceed all environmental regulations relevant to our organisation and its activities.
- Increase cost-effectiveness by reducing our consumption of energy and raw materials.
- Reduce waste, pollution and noise both locally and in the wider environment.
- Systematically assess all aspects of our company.
- Set targets for measurable annual improvement.

It is the responsibility of all employees, visitors and contractors to fully support this policy through active participation and co-operation.

This environmental policy will be displayed at all times and is openly available to all members of the public via our website.
